

RECRUITMENT FOR ICSSR FUNDED PROJECT
SCHOOL OF HUMANITIES AND SOCIAL SCIENCES
INDIAN INSTITUTE OF TECHNOLOGY INDORE

Applications are invited for various research positions at the Indian Institute of Technology Indore for Social Design Research. Successful candidates will be involved in investigating community system, data collection, media development, and system design. The main selection criteria will be outstanding skill-set in respective academic backgrounds and interest in social design research. Preference may be given to candidates with hands-on experience in their respective fields. The selected candidates will become part of Focused Research Group in Human Factors and will have access to design softwares, scientific research databases, and data analysis packages. Selected candidates will also benefit from Dr. Sanjram Premjit Khanganba's research funds for travel related to field-work and national/international conferences during the tenure of the position.

TITLE OF THE PROJECT:

Eikhoi: A Design Initiative for a Transformative Community System

QUALIFICATION:

***For Research Associate/ Assistant/Investigator:** Candidates with Master's Degree/Post-Graduate Diploma in Design or Allied Disciplines (Psychology/ Anthropology/ Political Science/ Sociology/ Social Work/ Development Studies/ Planning/ Economics/ Education/ Journalism/ Media/ Design/ Communication Studies/ Cultural Studies etc.) are encouraged to apply. The candidates are expected to show ability to execute design/system development/research assignments independently and report directly to Project Director.

Candidates who possess technical degrees (MTech/MSc/MCA/ME/BE/BTech/BCA/BSc/Diploma etc.) with relevant skill-set and interest in research are also encouraged to apply.

For Volunteers/Interns: Those who are interested in contributing to the project as volunteers and interns are encouraged to contact project director. Such request will be considered depending upon applicant's interest and skills. Potential areas in which volunteers/interns will be engaged are data gathering, field survey, community interaction, information management etc. If one prefers to contribute in another capacity he/she will also be considered depending upon the requirement of the project at the time of receiving such requests. These candidates will gain research exposure and earn incentives.

* The project employs interdisciplinary methods in addressing real-world problems. Candidates with any academic background who can contribute to the research project are encouraged to apply. Depending upon the discipline, candidates with ICMR/CSIR/UGC-NET or valid GATE Score etc. will have advantages as compared other candidates. The designation of the positions will be decided according to the qualification and the required roles of the position at the time of selection. Candidates interested in Ph.D. program are encouraged to discuss with project director about their long-term career plan.

Remuneration: As per ICSSR norms (in addition, HRA and Medical facilities as per institute rules).

Duration: Initial appointment for one year, extendable up to 2 years based on performance.

How to Apply:

Applicants must send the following signed documents (preferably by speed post) to the official address of project director.

- A detailed resume with contact details including phone number, email ID, and postal address.
- Photocopies of educational/professional qualifications, and publications (if any).
- One (1) page "Statement of Interest".

Recruitment will continue till vacancies are filled. Unsigned documents can be sent by e-mail. Only short-listed candidates will be informed to attend an interview. Queries and requests for further details should be directed to Dr. Sanjram Premjit Khanganba.

PROJECT DIRECTOR'S ADDRESS:

Dr. Sanjram Premjit Khanganba
