

Ram Bilas Pachori received the B.E. degree with honours in Electronics and Communication Engineering from Rajiv Gandhi Technological University, Bhopal, India in 2001, the M.Tech. and Ph.D. degrees in Electrical Engineering from Indian Institute of Technology (IIT) Kanpur, Kanpur, India in 2003 and 2008, respectively. He worked as a Postdoctoral Fellow at Charles Delaunay Institute, University of Technology of Troyes, Troyes, France during 2007-2008. He served as an Assistant Professor at Communication Research Center, International Institute of Information Technology, Hyderabad, India during 2008-2009. He served as an Assistant Professor at Department of Electrical Engineering, IIT Indore, Indore, India during 2009-2013. He worked as an Associate Professor at Department of Electrical Engineering, IIT Indore, Indore, India during 2013-2017 where presently he has been working as a Professor since 2017. He is also an Associated Faculty with Department of Biosciences & Biomedical Engineering and Center for Advanced Electronics at IIT Indore. He was a Visiting Professor at School of Medicine, Faculty of Health and Medical Sciences, Taylor's University, Subang Jaya, Malaysia during 2018-2019. He worked as a Visiting Scholar at Intelligent Systems Research Center, Ulster University, Northern Ireland, UK during December 2014. He is an Associate Editor of Electronics Letters, Biomedical Signal Processing and Control journal and an Editor of IETE Technical Review journal. He is a senior member of IEEE and a Fellow of IETE and IET. He has supervised 12 Ph.D., 20 M.Tech., and 41 B.Tech. students for their theses and projects. He has 223 publications which include journal papers (134), conference papers (66), books (05), and book chapters (18). His publications have around 8400 citations with h index of 47 (Google Scholar, June 2021). He has been listed in the top h index scientists in the area of Computer Science and Electronics by Guide2Research website. He has been listed in the world's top 2% scientists in the study carried out at Stanford University, USA. He has served on review boards for more than 100 scientific journals and served for scientific committees of various national and international conferences. He has delivered more than 140 talks in various conferences, workshops, short term courses, and institutes. His research interests are in the areas of Signal and Image Processing, Biomedical Signal Processing, Non-stationary Signal Processing, Speech Signal Processing, Brain-Computer Interfacing, Machine Learning, and Artificial Intelligence in Healthcare.
