## INDIAN INSTITUTE OF TECHNOLOGY INDORE

### CENTRAL DINING FACILITY

## About Us :

The institute has a Central Dining Facility (Carbon Building) wherein around 1000 people can have their meals at one point. Students of different hostels can have meals together in dining hall. Separate sections have been developed for dining of students, institute staff or any guests. The dining hall comprises of 02 big sized and 04 small sized kitchens, 02 common washrooms and lift facility as well. An Executive Dining Hall has also been equipped in Central Dining Facility for Hospitality & Dining services to the institute's invited/VIP guests. Students are served healthy and nutritious meals wherein the student body decides the menu on a weekly basis and a dining committee monitors the overall functions. Quality of food is maintained by taking frequent feedbacks and immediate addressing of complaints. The payments are made to the caterer on the monthly meal plan basis. The payment is done cashless only through EDC Machine & UPI (Google Pay, Phone Pay, Paytm etc). The entire Central Dining facility Follows COVID appropriate behavior. Other than regular dining services, the carbon building also houses several kiosks(e.g. Bakeology, Noor's Kitchen, Aladeen's Café, Daily Needs, Amul Shop, Laundry etc.) that serve delicacies and other services round the clock. The functioning of central dining section is supervised by a team of dining staff, student body, student volunteers, and administered by a dining committee headed by Dr. Abhijeet Joshi, Dining Warden.
