PREBID REPORT

The meeting for Pre-bid discussion and presentation was held at IITI on **August 26th, 2021** and **September 08th, 2021** at **03:00 PM** at IIT-Indore for **Desktop Computer Tender ID : 2021_IITI_644314_1**

The report of the meeting are as below:

Sl. No.	Reference of the Clause no. of the tender document	Query/Clarification/ Deviation sought	Change Requested by Bidders	Response from IITI
M/s. Unicomp Computers, Mumbai				
01.	Chapter-6 page no-22 Sl no -06	Certification letter from Customer	we request you to relax this term and consider the PO attached as a valid proof. Due to current situation it is a bit difficult to find the concerned contacts and ask them for letter, as attendance is still not 100% due to limited lockdown and restrictions. Please consider PO as relevant proof of supply. Min 3yr PO proof is asked but pl revise to 5 years ,as last almost 2 years period has been critical due to lockdown and restrictions	Allowed for last 5 year PO along with Completion certificate
02.	Chapter-6 page no-24 Sl no -013	DECLARATION FROM OEM FOR SPARE availability for 5 years	pls relax this term because 5 years is a huge time in terms of IT products. Every few quarters new board chipsets and processor series gets released, even ram and HDD capacity and clocks get faster and updates almost every few Quarters and hence for anyone to COMMIT spare availability for 5 years is	Bidders have to submit undertaking about the same/compatible(better) parts for the supplied desktops for next 3 Years after the warranty period and after the AMC (if any started by the buyer).

[Handwritten signature and date: 10/10/2021]

			Unreal in our opinion. We request you to please change it to "Bidder needs to provide an undertaking that they will replace the spares in case of any failure with the same part number or a "BETTER ONE " at no extra cost for the period of 3 years"	
03.	Chapter-7 Page no.-25 Technical specification SI No- 4	STORAGE mentions requirement of all 3 types SSD/HDD/SSHD PL clarify this requirement kindly. SSHD may not be required.	Please clarify this requirement kindly, SSHD may not be required.	1 TB HDD with 7200 rpm or higher and 256 GB SSD is required. SSHD not required.
