

Indian Institute of Technology Indore

Khandwa Road, Simrol, Indore - 453552

Date: 05th Nov, 2023

Advertisement for JRF Position

Applications are invited from eligible candidates for the position of 'Project Fellow' in a DST funded Research Project entitled "Splicing, chromatin and somatic hypermutation of immunoglobulin genes".

Objectives of the Project

The main aim of project is to identify the molecular mechanisms of somatic hypermutation, especially its relationship with the process of splicing and various chromatin remodelers using cell culture and animal studies.

Eligibility

Essential Qualification:

M.Sc. / M. Tech. Degree (with valid GATE) or equivalent in streams like Biotechnology / Biochemistry / Microbiology / Life Sciences OR B.V.Sc. (with valid ICAR AIEEA-PG) OR B. Pharma (with valid GPAT) OR MBBS (with valid NEET PG) or in any other science and engineering stream.

Desirable:

Candidates having experience in working in the area of Molecular Biology and familiar with cell culture techniques are encouraged to apply. CSIR / UGC/ DBT-JRF fellowship holders would be preferred.

Monthly Stipend:

As per norms (i.e. about Rs. 31,000 + 18% HRA (if hostel accommodation is not provided))

Duration:

Initial appointment will be for 3 months.

How to Apply

Interested candidates are requested to submit a detailed CV to Prof. Prashant Kodgire, Department of Biosciences & Biomedical Engineering, Indian Institute of Technology Indore, via e-mail: pkodgire@iiti.ac.in.

Last Date of Application: 12th Nov, 2023.

Note:

1. CV should include details of academic grades starting from X standard onwards with details of year of passing, university or college, etc. and also work experience and nature of work if applicable. Complete details of NET/GATE/ICAR AIEEA-PG/GPAT/ NEET PG, such as year of passing/validity, discipline, marks, and All India Rank.
2. Only shortlisted candidates will be called for an online interview. Selected candidates will be intimated by email.
