ITEM 35.1: Welcome and Opening remarks by the Chairman of the Senate.

The Chairman Senate welcomed all the members to the 35th meeting of the Senate.

He informed that this meeting is mainly for the approval on the agenda items related to the upcoming convocation i.e. list of graduating students and list of medalists and awardees.

He informed that the 2nd round of seats allotment for B. Tech. programs through the Joint Seat Allocation Authority (JOSAA) has been completed. The opening rank of IIT Indore is 895 in the Department of Computer Science and Engineering.

It was also informed by the Chairman, Senate that the Institute is going to do a spot round of admission for M. Tech. programs to fill the seats remaining vacant after the conclusion of all rounds of Common Offer Acceptance Portal (COAP). Minimizing the vacant seats will also impact on the ranking of the Institute.

ITEM 35.2: Confirmation of the minutes of the 34th Meeting of Senate held on 12 May 2023.

The Senate confirmed the Minutes of its 34th Meeting of Senate held on 12 May 2023.

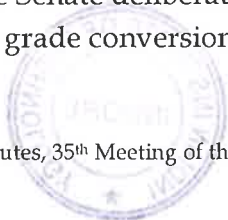

ITEM 35.3: Action Taken Report (ATR) on minutes of 34th Meeting of Senate held on 12 May 2023.

The Senate noted the actions taken on the decisions of the 34th Meeting of Senate held on 20th May 2023

ITEM 35.4: Mapping of grades of students going under international semester exchange program.

It was informed that this year one of the B.Tech. student, Mr. Jenish Sudeep Shah, Roll no. 190002026, from the Department of Electrical Engineering, who went under an international semester exchange program at IMT Atlantique France during his 8th semester undergraduate study. In view of the same there was a need for a formula to map the grades secured in the host institution to fit in grading of IIT Indore. In this context, a mapping mechanism already discussed in the 49th Meeting of Senate Post Graduate Committee (SPGC) and 48th Meeting of Senate Undergraduate Committee (SUGC) jointly held on 16th May, 2023.

The Senate deliberated on the same and approved the following formula and mechanism for grade conversion:

Numeric range $[H, L]$, where, H is the highest passing Grade and L is the lowest passing Grade.

Compute constants (a) and (b) such that $aH + b = 10$ and $aL + b = 4$

i.e. $a = 6/(H-L)$

$b = (4H-10L)/(H-L)$

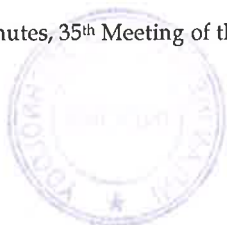

For any numeric grade 'x' scored by the student in a university/Institution, then the numeric grade in the IITI system will be computed as floor $\{ax + b\}$.

Example: 1. A university provides a numeric range $[4, 1]$, where 4 is the highest passing Grade point and 1 is the lowest passing Grade point, then any numeric score (X) will be mapped as below:

Highest passing Grade point	Lowest passing Grade point	$a=6/(H-L)$	$b=(4H-10L)/(H-L)$	Numeric value Scored(X) by the students within the Grade range $[4,1]$	Mapped Numeric Grade in IITI= $aX+b$	Equivalent Grade Point
4	1	2	2	4	10	AA
4	1	2	2	3.5	9	AB
4	1	2	2	3	8	BB
4	1	2	2	2.5	7	BC
4	1	2	2	2	6	CC
4	1	2	2	1.5	5	CD
4	1	2	2	1	4	DD

Example: 2. A university provides a numeric range $[4, 3]$ where 4 is the highest passing Grade point and 3 is the lowest passing Grade point, then any numeric score (X) will be mapped as below:

Highest passing Grade point	Lowest passing Grade point	$a=6/(H-L)$	$b=(4H-10L)/(H-L)$	Numeric value Scored(X) by the students within the Grade range $[4,3]$	Mapped Numeric Grade in IITI= $aX+b$	Equivalent Grade Point
4	3	6	-14	4	10	AA
4	3	6	-14	3.833	9	..
4	3	6	-14	3.667	8	..
4	3	6	-14	3.5	7	BC
4	3	6	-14	3.333	6	..
4	3	6	-14	3.167	5	..

ITEM 35.9: Proposed changes in the criteria of Qualifying Examination for International candidates for PG and PhD programs.

It was presented that the existing senate approved criteria of admission for international students are as follows:

"Admission of International Students to IIT Indore's Ph.D., M. Tech., M.S. (Research) and M.Sc. programs require the below besides the academic requirements:

- *a valid score of TOEFL/IELTS or equivalent**
- *a statement of purpose*
- *letters of recommendation*
- *an interview (in-person or over video conference/skype)"*

It has been observed that sometime international candidates having good technical skills apply for admission but not having the valid score of TOEFL/IELTS.

In this context it was proposed to define the Equivalent* as below in lieu of valid score of TOEFL/IELTS:

(a) The candidate has a certificate issued by the degree awarding university/ institute clearly indicating that "Medium of Instruction is English" in the qualifying degree.

OR

(b) If the selection committee finds candidate's English proficiency satisfactory during the interview, he/she can be recommended for admission.

OR

(c) If the selection committee finds that English proficiency of the candidate is not satisfactory then the committee may recommend that the candidate undergoes a course in communication skills conducted by the Institute.

The Senate discussed and approved the following, which can be exercised for international candidates w.r.t. Qualifying Examination required for admission in PG and PhD programs as follows:

For English proficiency of the candidate either of the points listed below must fulfilled

- Valid score of TOEFL/IELTS
- Certification by the degree awarding university/ institute indicating that "Medium of Instruction is English" in the qualifying degree.
- Selection committee must certify the satisfactory English proficiency, judged during the selection process. In case the selection committee finds candidates English proficiency unsatisfactory then the committee may recommend the candidate to undergo English communications skills course.

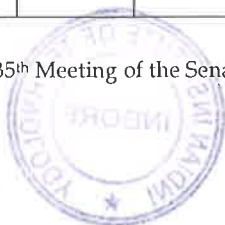

In addition to the above, the selection committee must also assess the candidate's technical skills for the admissions.
